Seeking Engagement

- Excited about a particular class/project
- How do I get the A?
- It's my major
- Engagement means I'm a successful student

Seeking Feedback

- Test/assignment anxiety
- Unsure how to start
- Applying instructor comments to future work

Seeking Support

- Low grades
- Missing assignments
- Not having a routine
- Feeling unmotivated/disengaged
- Unsure about citing or plagiarism
- Feeling tempted to cheat

Expect Change

- Exercise your agency
- Potentially less feedback
- New resources
- Different organization

In the end, attending SI sessions impacted me greatly
