### Foreign Language Placement Evaluation

**What is the Foreign Language Placement Evaluation (FLPE)?** The FLPE is a tool to assess students’ language skills, so they begin language study at the appropriate college level. It takes approximately 30 minutes. Students will not receive course credit if they register in a course BELOW their placement score. If students feel that the test did not accurately reflect their knowledge, they must meet with a language advisor to determine appropriate placement. Scores are valid for one year after a student takes the exam.

By offering a challenging and supportive environment, the Student Success Center fosters a learner-centered experience for undergraduate success by empowering students to take an active and collaborative role in their learning through personalized and structured tutoring, study groups, academic skills, counseling, and workshops.

The Jackson Library is open 24/5 Sunday through Thursday offering access to quiet and group study spaces. E-resources are accessible to students with a UNCG username and password, such as books, journals, databases, films and music. Makerspaces, like the Digital Media Commons, offer help with multimedia projects, while the libraries also provide technology checkouts. Assistance with coursework and research projects is available with one of our experts by chat, text, phone, email or in-person.

The Career Services Center (CSC) welcomes new Spartans! Students seeking on and off-campus employment, and exploring major and career options will find a wealth of resources and staff support within the office. The CSC offers individualized coaching appointments, workshops and programs to help students build the skills and networks needed to succeed in the workplace. We encourage new students to take advantage of opportunities to engage with employers offering part-time, federal work study, internship and full-time opportunities through our programs. Learn more at csc.uncg.edu.

Campus Enterprises are university business endeavors, operations and services. We are committed to providing the highest level of support for the university community by building strategic partnerships, and offering services in Bookstore, Dining, ID Card, Mail, Parking & Transportation, Printing and Vending. We fulfill our commitment with efficiency, effectiveness, affordability, and sustainability. We understand that the quality of the UNCG experience for students and their families is dependent, in part, on our success at meeting their needs and exceeding expectations.

Information Technology Services (ITS) is UNCG’s central technology organization, providing computing, communications, and data services. ITS maintains the open-access computer labs and 6-TECH Service Center. UNCG has 13 ITS-managed computer labs and learning spaces (its.uncg.edu/labs) open to students, faculty, and staff. The labs have primarily Windows-based PCs (460) and 14 Macs in the SuperLab. Students may purchase high-quality laptops through one of UNCG’s vendor partners (Dell or Apple). For more information, visit its.uncg.edu/laptop. Students may download MS Office on up to 10 devices (5 desktops, 5 mobile devices), for free at its.uncg.edu/office365.
