AGS Online Experiences

“I am so thrilled that I took on this experience my senior year at UNCG. Prior to this, being an online student, I did not feel much of a connection to the university. After this experience, I truly feel as though I am a part of this large institution.”

Destinie P., Online Student

“This program has helped me find new ways of thinking and new ideas that I didn’t even think of before. I found out that I have new strengths that I never would have thought of before. I now know how to make goals for myself and how to be an effective leader for others as well.”

Michelle B., Graduate Student
