WELCOME

VISION

We envision a campus that is inherently equitable, accessible, & inclusive.
MISSION

We collaborate with UNCG’s diverse community to ensure that all aspects of campus life are accessible. This includes the removal of barriers to access whenever possible and support for reasonable accommodations for students with disabilities. We provide the institution with resources, education, and direct services promoting equitable and inclusive access and inherent acknowledgement of disability as a part of diversity.

What Are Accommodations?

Reasonable actions to remove barriers and ensure equitable access.

Examples:

• Extended time on quizzes/tests/exams
• Distraction-reduced testing environment
• Priority Registration
• Accessible housing such as locating room on 1st floor
• Accessible technology such as a Smartpen or screen-reader, etc.
OUR BELIEF

OARS believes in working together to ensure all students have equitable access to the university. We support reasonable accommodations that do not alter fundamental objectives. We encourage student engagement to ensure accommodations are implemented. We look forward to hearing from you.
